

Masterclass Respiratory Infections

June 21st - 22nd, 2012

Barcelona

We are very pleased, after a successful first course, to announce the 2nd Masterclass in Respiratory infectious diseases, which will be held in Barcelona, Spain. The concept of the Masterclass is to discuss in small groups clinical presentations, diagnostic methods, treatments and new research developments in pulmonary infectious diseases. The participants of the course will have an active role in the course by presenting case studies or recently published major articles. Professor Antoni Torres, head of the department of pulmonary diseases in Hospital Clinic in Barcelona, will chair the course. Hospital Clinic is a centre of excellence in pulmonary infectious diseases. Professor Antoni Torres is a member of the editorial board for the American Journal of Respiratory and Critical Care Medicine and the European Respiratory Journal and has published many major research papers about pulmonary infectious diseases.

We are looking forward to a very inspiring course and hope to see you in Barcelona.

Menno van der Eerden
Antoni Torres
