

## Job Offer

### Statistics Graduate

**Location:** Institut Clínic del Tòrax, Hospital Clínic i Provincial de Barcelona.

The Respiratory Medicine Department of the Institut Clínic del Tòrax (Hospital Clínic Thorax Institute) performs patient care and research on respiratory diseases, with different lines of research. It is currently in the process of consolidating its scientific structure, and therefore needs to employ a full-time technician to carry out the following tasks:

1. Setting up and maintaining databases.
2. Support and consultation in study design.
3. Processing results.

#### **Basic Requirements:**

- Degree in Statistics.
- Command of Catalan and Spanish.
- Ability to work as part of a team.

#### **Other Aspects Taken Into Consideration**

- Previous experience in the health care sector.
- Command of English.

#### **Employment Conditions:**

Extendable 6-month contract.

Working hours to be agreed.

Salary to be agreed.

Interested candidates should contact:

**Dr. Antoni Torres Martí**
